

What is early intervention?

- Birth to 3 Early Intervention supports families with infants and toddlers with developmental delays or disabilities.
- It provides tailored services and resources to enhance each child's growth and development during the crucial early years.
- Services include developmental assessments, coaching sessions, and family support.
- It aims to empower parents to become advocates for their child's needs.
- A collaborative effort involving families, service providers, and community resources.

"There's no app to replace your lap"

**"Parents know their children
better than anyone else.
They see the potential, the
challenges, and the unique
qualities that make each
child special."**
