

# Driver Education

Contracted Service DE01

**CESA 5's driver education program is designed based upon the needs of each participating school district. We provide classroom and/or Behind the Wheel (BTW) instruction.**

- CESA 5 provides the licensed instructor, the vehicle, and all of the necessary supplies and insurance to keep the vehicle operational
- Our experienced instructors are all DPI certified.
- The individual school defines the curriculum, enrollment, tracks the students, and collects the fees.
- CESA 5 charges for the service on a per student basis.
- The actual cost for your program will depend on program requirements, instructor availability, and vehicle cost.
