

School Nursing Services

Contracted Service SN01

Our school nurse is available to provide both direct and consultative services to school districts.

Direct Services

- Act as a liaison between home, school, and the medical community
- Assistance with writing an individualized health plan or emergency plan
- Develop and implement Individualized Health Plans (IHP)
- Educate and counsel students related to health-related concerns
- Ensures all health services comply with federal and state laws
- Maintains health and medical documentation
- Medication distribution

Consultative Services

- Develop standardized documentation forms
- Engage in problem-solving for students with complex or rare health service needs
- Providing professional development/training opportunities for school practitioners and school nurses (CPR, AED)

Call Erikke Nystrom-Grothaus at (608) 745-5440 to learn more about CESA 5's School Nurse Services.
