GOOGLE WORKSPACE AUDIT

Protect your district's sensitive data
by conducting a thorough Google Workspace audit.

Evaluate your current settings against Google's recommended security standards and utilize our audit spreadsheet to gain a comprehensive understanding of your security status.

BENEFITS TO YOUR INFORMATION SECURITY

- Protects district data by reducing exposure to threats
- Identifies Google Workspace settings that are out of compliance with Google's recommendations
- Identifies unfamiliar or new settings that may pose a unique risk to your Google Workspace environment

RESOURCES PROVIDED

- Report of recommended settings, grouped by a color-coded spreadsheet identifying your level of compliance
- Direct links to specific Google recommendations are conveniently located throughout the audit spreadsheet
