

# Intensive Services Classroom (IS)

CESA 5 Intensive Services (IS) Classrooms are designed to provide highly specialized supports and instruction to students with significant physical and/or intellectual disabilities. Each classroom is operated by CESA 5, but is located within a school building and includes students from multiple school districts.

Contracted Service SP03a

## Our IS Classrooms

Our staff are highly trained to provide many different supports and services to meet student needs. Some of those supports include, but are not limited to:

- Augmentative Alternative Communication (AAC)
- Modified Curriculum
- Student Specific Equipment (mobility & access)

## Referral Process

To refer a student for services in a CESA 5 IS classroom:

- School district will complete student information/referral sheet and provide IEP and evaluation
- Either the IS teacher or supervisor will perform an observation and record review
- Families will be offered a visit to the classroom
