

Paraprofessional Services

Contracted Service SP14

CESA 5 can provide your school district with a Paraprofessional to work as part of your local team. Paraprofessionals provide direct services to students with disabilities.

Paraprofessionals provide:

- Collaboration and communication:
 - Collaborate with general education teachers and case managers
 - Implement student-specific accommodations, modifications, and social-emotional strategies
 - Organize and create instructional materials for the classroom
- Progress monitoring and instructional support:
 - Assist classroom teachers in evaluating teaching approaches to help students achieve their educational goals
 - Collect and record data
 - Reinforce instructional concepts and skills
